

NORTH AMERICAN FIRE HOSE

The difference is...*your* margin of safety.

Outback 600™

Polyurethane (TPU) Lining / Polyester Single Jacket

Outback 600™ FEATURES

- **Poly-Cord™** ring-spun polyester warp yarns are combined with filament polyester filler yarns.
- Fabric construction features a very fine twill weave for improved abrasion and snagging resistance in wildland fire fighting situations.
- High visibility yellow **Ultra-Shield™** polymeric coating seals each and every fiber in the bundle, further improving abrasion resistance, reducing moisture and chemical absorption, and providing vivid color-coded identification.
- The **Dura-Thane™** polyurethane inner lining is extremely strong and durable, while maintaining a lightweight and compact profile.
- Immune to the effects of mildew and rot, requiring less maintenance after use.
- Designed to withstand the rigors of the Outback, as well as other wildland fire fighting situations.
- Both the hose and couplings are made in the USA, performance shall meet and exceed NFPA 1961 standards.

Applications: Forestry, Wildland and CAFS
Available in 50, 75 and 100 foot lengths

 **FAMILY OWNED
