

Sanitizer Manufacturing with SaniForce® 2.0 Air & Electric Diaphragm Pumps

Have you considered converting or increasing your product offering to include products such as hand sanitizer and surface disinfectants? The COVID-19 pandemic has increased the demand for these products globally. Graco's line of SaniForce 2.0 air and electric double diaphragm pumps are powerful solutions to assist with converting your current processes to sanitizers and disinfectants.

A liquid food ingredient manufacturer converted a section of their floor into 200 gallon batch operation using the SaniForce 2.0 515 with a siphon kit to transfer alcohol, glycerin, and hydrogen-peroxide from 55 gallon drums.

Reduced Operating Costs Compared to Competitors

Graco pumps increase your profitability with reduced operating costs. High energy efficiency air and electric motors reduce energy costs. High quality component parts last longer reducing required maintenance.

American Built Quality

Factory-tested and field-proven Graco's professional transfer equipment is designed, manufactured, and assembled in the USA with global components.

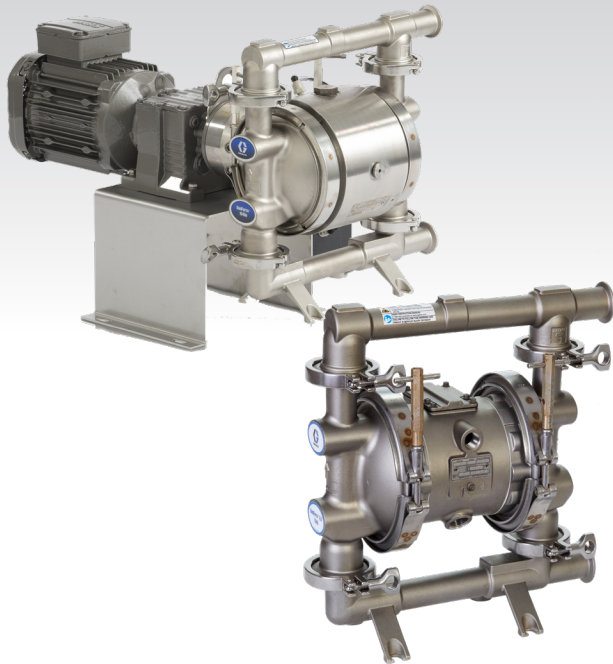

Industry-Leading Service and Support

We have you covered with around-the-clock product support.

SaniForce 2.0 Diaphragm Pumps are the superior choice for transferring hand sanitizers.

Gel's high viscosity and chemical makeup require the suction lift and material compatibility of diaphragm pumps.

Food Grade (FG)

Air and Electric Double Diaphragm Pumps

316 SST FORMED CONSTRUCTION

125 RA FLUID SECTION SURFACE FINISH

ALL TRI-CLAMP FLUID SECTION CONNECTION

TRI-CLAMP OR DIN OUTLET CONNECTIONS

BALL CHECK CONFIGURATION AVAILABLE

FULLY ROTATING STAND FOR DRAINING/CLEANING

• Available only on models 1590 and 2150

High Sanitation (HS)

Air and Electric Double Diaphragm Pumps

316L SST FORMED CONSTRUCTION

32 RA FLUID SECTION SURFACE FINISH

ALL TRI-CLAMP FLUID SECTION CONNECTION

TRI-CLAMP OR DIN OUTLET CONNECTIONS

BALL OR FLAPPER CHECK CONFIGURATION AVAILABLE

• Not Interchangeable

FULLY ROTATING STAND FOR DRAINING/CLEANING

• Available only on models 1590 and larger

POLISHED ID MANIFOLDS AND FLUID COVERS

• No weld seams

SINGLE PIECE MANIFOLDS

ATEX APPROVED
